### **DETAILED ACTION**

1. Applicant's Amendment filed 11/29/2005 has been reviewed and placed of record in the file.

#### ***Allowable Subject Matter***

2. Claims 1-16 and 21-25 are allowable over the prior art of record.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or render obvious a resist mask for measuring alignment with all exclusive limitations as recited in claims 1, 12, and 21, comprising at least one alignment mark, the alignment mark including patterned structures some of whose lateral spacing is smaller than the wavelength of light used for alignment measurement, and either: the alignment mark including patterned structures arranged as part of the resist mask and having a height that is less than the thickness of an unpatterned resist layer forming the resist mask, or: the at least one alignment mark further including a continuous resist layer upon which the patterned structures are formed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
